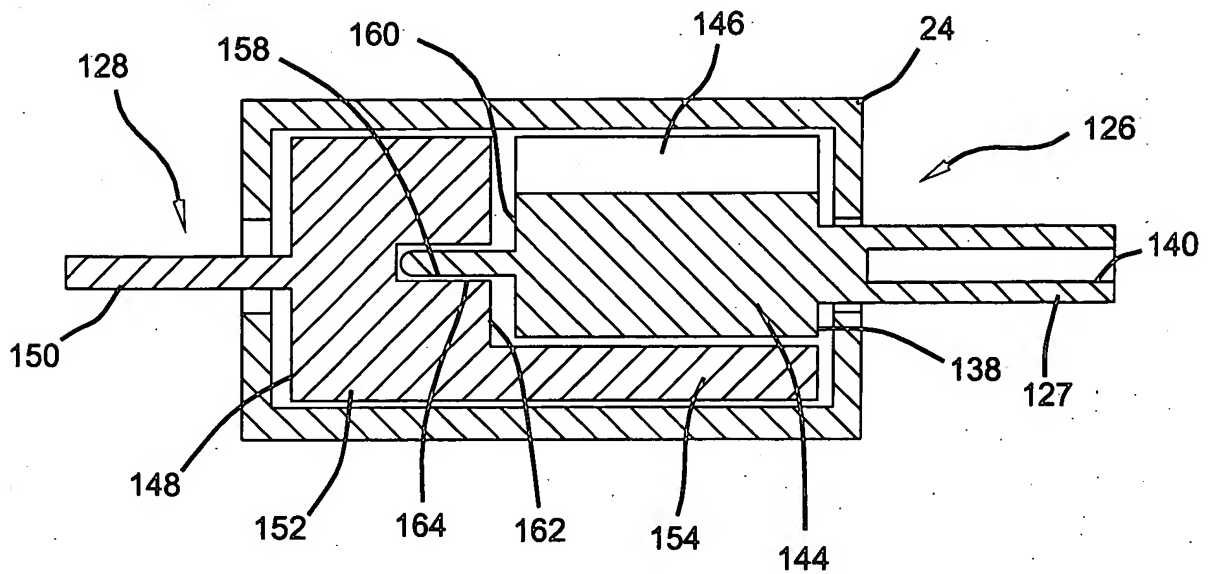

FIG 4

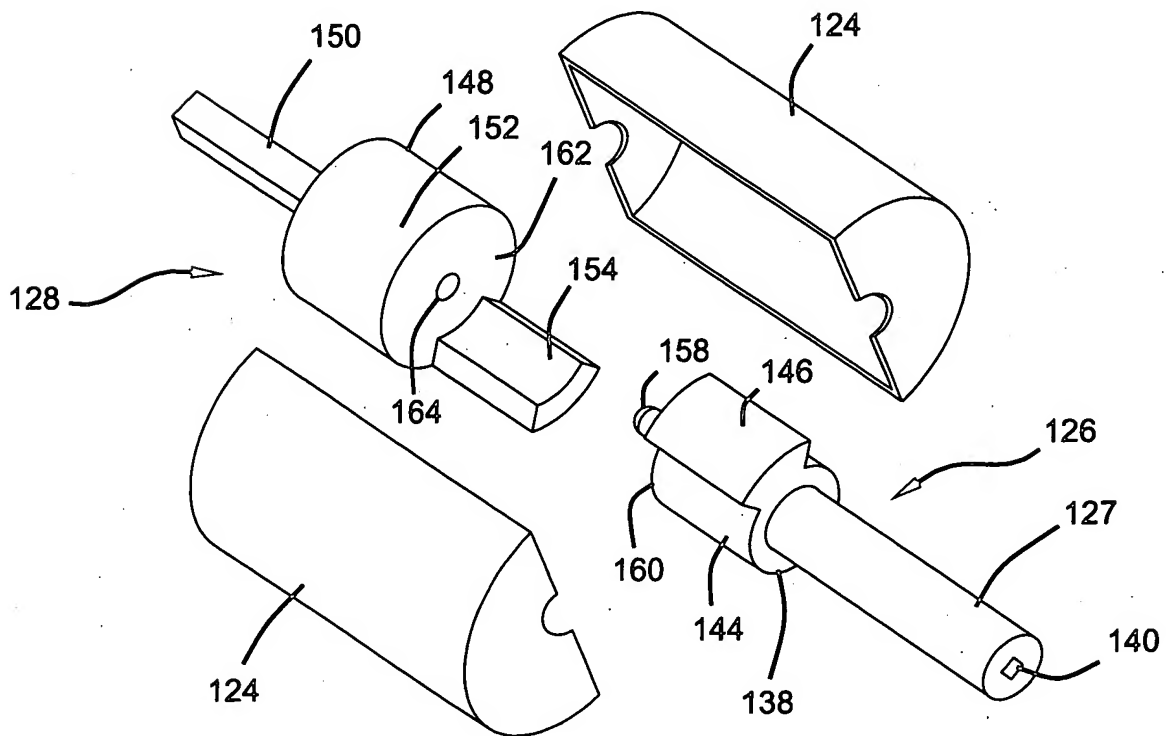

FIG 5

This cross-sectional view shows a multi-layered assembly. A central core (226) is surrounded by a thick, hatched layer (224). Within this hatched layer, there are two horizontal, U-shaped conductive traces (252, 254). The entire assembly is bounded by a top layer (228) and a bottom layer (227). On the left, a horizontal layer (250) is shown. On the right, a horizontal layer (240) is shown. Various other layers and interfaces are labeled with numbers: 262, 256, 244, 248, 284, 238, and 222.
